

$$\text{Area of a pizza sector} = \frac{\theta}{360^\circ} (\pi r^2)$$

WE KNOW THAT

A sector of pizza tastes the same, whether you know how to calculate its area or not

&

WE ALSO KNOW THAT

Pizza tastes better when shared with some cool, nice, like-minded people

> Do you want to build amazing products for the 4.0 industry ecosystem, in a product company?

Summer Internship - July 17 - September 30, apply till April 30; technologies: .net, Data / Ai

Send us your CV at: join@cadrantechnologies.eu
