

FULL-STACK WEB DEVELOPMENT SUMMER INTERNSHIP

**Gain knowledge from day one.
Meet mentors from day one. Make friendships from day one.**

Location: Cluj-Napoca, on-site

Duration: July - August 2022

Type: Paid internship, with part-time or full-time developer positions

What's in it for you?

You will go through the entire development lifecycle on a complex project, from requirements definition, to implementation and testing, in an agile process. Learn **C#, ASP.NET, SQL** along with core **HTML, CSS**, and **JavaScript** concepts.

At EY, you'll learn **A LOT** through experience, on a variety of projects for a diverse range of BIG clients. There are lots of free training opportunities via a variety of learning platforms (Udemy and Coursera, to name a few).

People are friendly and a senior will coach you, guiding your career path. You'll be able to enjoy flexibility & autonomy, as you shape your own work experience.
